### Request for Variance from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on December 23, 1992, Lowen Corporation, 1501 N. Halstead, Hutchinson, submitted a request for a renewal of a variance from specific hazardous waste regulations. The current request expired on January 10, 1993. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-4(g)(1) and 40 CFR 265.176, which require the storage of containers holding ignitable hazardous waste must be located at least 15 meters (50 feet) from the facility's

property line.

Lowen Corporation generates ignitable hazardous waste, which is stored prior to being recycled. Lowen Corporation stores this waste in the production plant located 14 feet from the north property line which is shared with an active farm field of about 20 acres. KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance.

Copies of the variance request will be available for public review through April 24 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 740, Forbes Field, Topeka, and at the KDHE district office, 1919

Amidon, Suite 130, Wichita.

Comments concerning this variance request may be directed to Glynis Perry, Kansas Department of Health and Environment, Bureau of Waste Management, Hazardous Waste Section, Building 740, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to April 24. Requests for additional information may be made by contacting KDHE at (913) 296-1600.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the Kansas Register. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance will no longer be valid will be prescribed in the final decision.

#### Notice of Hearing

The Kansas Department of Health and Environment is providing notice of a public hearing for consideration of modifications, revocation and reissuance, or termination of a national pollutant discharge elimination system permit for a wastewater treatment facility for the Meyer Land and Cattle Co., Inc. confined feeding operation. A notice of intent to issue the water pollution control permit (A-SALC-C002, KS-0088722) was published in the Kansas Register on March 19, 1992, No request for a public hearing was filed during the public comment period, therefore, the permit was issued under the authority of K.S.A. 65-161 et seq. by the Secretary of Health and Environment on April 23, 1992. The permit authorizes the permittee to operate a water pollution control facility for a livestock facility for approximately 1,000 head of cattle located in the West/2, Section 28, Township 12S, Range 10W, Lincoln County, Kansas.

A request for permit revocation has since been received pursuant to K.A.R. 28-16-62(g), and the Kansas Department of Health and Environment has determined that a public hearing be held on the matter of permit modifications, revocation and reissuance, or ter-

mination of the permit.

In conformance with K.A.R. 28-16-61 and 28-16-62, a public hearing has been scheduled for 7 p.m. Tuesday, April 27, at the American Legion Hall, Main Street, Sylvan Grove. Written and verbal comments on the proposed action will be taken during the hearing. The hearing officer, may, at his discretion, limit the time each participant may speak to assure adequate opportunity for all interested parties to be heard. Also, the hearing officer, may, at his discretion, allow additional time for written comments to be presented to KDHE for consideration in this matter.

Additional information and copies of the permit application and issued permit may be obtained by contacting Larry Hess, Kansas Department of Health and Environment, Forbes Field, Building 740, Topeka

66620, (913) 296-5570.

The Secretary of Health and Environment will make a final permit decision after consideration of all requirements of state statutes and regulations and of all comments received prior to the public hearing comment closure date as established at the public hearing.

### Request for Variance from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on November 2, 1987, Safety-Kleen Corporation, 9317 Woodend Road, Edwardsville, submitted a request for a variance from specific hazardous waste regulations. The current request expired on February 18, 1993. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-8(a), which adopts by reference 40 CFR 265.176. This regulation requires that containers holding ignitable hazardous waste must be located at least 15 meters (50

feet) from the facility's property line.

Safety-Kleen Corporation stores waste paint thinner as part of its operations as a hazardous waste storage facility. The waste paint thinner is stored on-site pending shipment to another Safety-Kleen facility for recycling in quantities never exceeding 104 containers (52 16-gallon drums and 52 5-gallon containers). Safety-Kleen Corporation is storing this waste approximately 25 feet from the south and west property lines in an area zoned for industrial use. The storage area is located in the southwest corner of the facility, removed from other waste handling activities, and 75 feet from the nearest off-site building.

As the storage structure has been completed, Safety-Kleen is requesting this variance to allow it to store waste in this structure in compliance with Kansas hazardous waste regulations. KDHE has reviewed this request and concluded that the variance is justified.

In accordance with K.A.R. 28-31-13(b), public notice is being provided of this decision. Copies of this variance request are available for public review through April 24 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Bureau of Waste Management, Forbes Field, Building 740, Topeka; at the KDHE district office, 800 W. 24th, Lawrence; and at the U.S. Environmental Protection Agency Office, 726 Minnesota Ave., Kansas City, Kansas.

Comments concerning this variance request may be directed to Kansas Department of Health and Environment, Bureau of Waste Management, Hazardous Waste Section, Building 740, Forbes Field, Topeka 66620. Written comments must be postmarked no later than April 24. Requests for additional information may be made by contacting KDHE at (913) 296-0679.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the Kansas Register. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance will no longer be valid shall be prescribed in the final decision.

### Request for Variance from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on October 29, 1992, Globe Engineering Company, Inc., 1539 S. St. Paul, Wichita, submitted a request for a variance from specific hazardous waste regulations. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-4(g)(1) and 40 CFR 265.176, which require the storage of containers holding ignitable hazardous waste must be located at least 15 meters (50 feet) from the facility's

property line.

Globe Engineering Company, Inc. generates ignitable hazardous waste, which is stored prior to being shipped off-site for reclamation. Globe Engineering Company, Inc. proposes to store this waste in a waste storage area located within the north warehouse building. KDHE has reviewed the variance request and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance.

In accordance with K.A.R. 28-31-13(b), public notice was provided that KDHE considered the request of this variance justified and made a decision to grant the variance. A public comment period to receive comments regarding this tentative decision was established February 11, 1993 to March 11, 1993. No public comments regarding this decision were received.

In accordance with K.A.R. 28-31-13(b), KDHE is announcing its decision to approve the request for a variance and not to include any special conditions. The variance shall become effective on March 25, 1993, and shall remain in effect until March 25, 1998.

#### The Problem

The Blueprint for Investing in Kansas Children and Families recognized that "the current governmental structure, despite intermittent efforts at restructuring, remains cumbersome and impedes coordination for children and family services." The Blueprint echoes the findings of Beyond Rhetoric, the final report of the National Commission on Children, which pointed out that families facing serious problems must deal with human services that "typically provide specialized, narrowly defined services" and that this often discourages service providers from looking broadly at a child's or family's general health and well-being or working together to meet their multiple needs."

Target V of the Blueprint calls for modification of the service delivery system through improved coordination and reduced institutionalization. It states:

The state should develop an integrated system for children's services that implements a statewide investment strategy involving social service, judicial, health, mental health and educational agencies at all levels of government. Such a coordinated system must be based upon a cooperative relationship between schools, social agencies, business, community

programs, and the courts . . . Programs that address the needs of children and families must be flexible in design, administration, and funding, and should allow service for a child, free from some of the constraints imposed by state or federal funding.

The purpose of this research project is to identify barriers to coordinated service delivery. It is intended that the findings of this study will be used to design a new system of service delivery, which moves beyond existing programmatic lines, and which is more family-centered and community based.

Scope of Services

A. Identify regulatory constraints to coordinated serv-

ice delivery.

This section will identify barriers created by federal and state regulations that limit eligibility for certain services or that limit the services that can be provided to eligible populations. The source of the regulation, the rationale for the regulation, and the potential for waivers to troublesome regulations should be specified.

Among the groups and organizations that should be included in this discussion are: schools, judges, district attorneys, SRS social workers, income maintenance workers, private service providers, and county mental

health agencies.

B. Identify data barriers to effective service coordination.

There is growing concern that the state lacks the data systems needed to effectively manage its many programs for children and families. In order to ensure efficient use of resources for children and families in need of services, it is necessary to avoid service duplication and to overcome barriers to interagency and intra-agency communication. This section will identify data integration problems, i.e. how to track one child through many different state and local programs and to see how much it costs to serve the child in total.

to see how much it costs to serve the child in total.

Some recent efforts have been made to overcome privacy and confidentiality problems that prevent interagency coordination. This section will also review those efforts, including 1992 legislation and administrative orders from District Courts that allow agencies to share information, and evaluate their effectiveness

in overcoming barriers.

C. Identify other barriers to effective service coordination.

In addition to regulatory and data barriers to improved service delivery, this project should identify any other problems that prevent agencies and individuals from meeting the needs of children and families. These problems might include agency practices or traditions or historical rivalries, lack of personal communication skills, lack of appropriate training for service providers and decision makers, poor management practices, decision making that is either too centralized or insufficiently centralized, and unarticulated differences in underlying values among agencies and individuals.

Researchers should feel free to explore a wide range of possible barriers. They should also consider differences in barriers across regions of the state. Finally, they should explore the extent to which cultural differences between clients and service providers create

barriers to successful service delivery.

#### D. Recommendations

Discuss the pros and cons of the existing service delivery system. Make recommendations for ways to overcome the barriers identified in the research. Based on the findings of this project, suggest alternative models of service delivery that can more effectively and efficiently meet the needs of Kansas children and families.

#### Criteria for Selection of Researcher

The contract will be awarded on a competitive basis using the following criteria and weights:

1. Quality of the proposal and the closeness with which it meets the scope of services statement (30 percent).

2. Methodology to be used to gather specific informtion from state agencies and other relevant parties (25 percent).

3. Cost (20 percent).

4. Experience in evaluating public policy (15 percent).

5. Time-frame in which various components of the study can be completed (10 percent).

Bids are expected to fall in the range of \$10,000 to \$25,000. The Corporation for Change is anxious to receive results as soon as possible. The report can be divided into components and submitted as each is completed.

#### **Proposal Format**

The following information must be included in each proposal:

Cover page including title of proposal, principle investigator, agency address and phone number.

#### **Board of Education**

#### Notice of Available Federal Funding

Notification of anticipated funding under the Stewart B. McKinney Homeless Assistance Act (P.L. 101-645) is hereby announced. The McKinney Act provides federal financial assistance to states to develop educational programs for homeless children and youth. The Kansas State Board of Education anticipates \$110,000 to fund local educational agencies up to \$20,000 to operate projects from October 1, 1993 through September 30, 1994. Applications will be accepted through April 30. Grant awards are contingent on federal funding.

For further information and an application, contact Sandra Suttle, Program Support Services, Kansas State Board of Education, 120 S.E. 10th, Topeka 66612, (913) 296-6066.

#### Department of Transportation

#### Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consultant engineering firms for the following project:

#### Project No. 1 70-31 K-5090-01 I-70 Geary County

Roadway reconstruction including shoulders from one mile east of McDowell Creek Road, east to the Geary-Wabaunsee county line. Project will include guard fence on bridge 032 (I-70 over Local Road) and deck repair, overlay, handrail and guard fence on bridge 033 and 034 over K-177. Total project length is 7.5 miles with an estimated total construction cost of \$16,330,000. Pre-construction activities are scheduled to be completed by November 15, 1994.

Responses must be received by April 8 if the consultant engineering firm wishes to be considered. Seven signed copies of responses need to be mailed to Al Cathcart, P.E., Project Control Engineer, Office of Engineering Support, Kansas Department of Transportation, 7th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka 66612.

This project will require design services for surveying, traffic control, permanent signing, pavement marking, seeding and erosion control. A complete package of information on this project and activities will be furnished to consultant engineering firms who are selected as finalists by the KDOT Consultant Selection Committee prior to being interviewed by the KDOT Negotiating Committee.

From firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, nor more than five) and invite them to attend a pre-proposal conference. Firms not selected will be notified by letter.

The Negotiating Committee, appointed by the Secretary of Transportation, will conduct discussions with firms invited to the pre-proposal conference and select one firm with which to negotiate a contract. After a contract has been awarded, the remaining firms will be notified by letter.

It is the policy of KDOT to use the following criteria as the basis for selection of consultant engineering firms:

1. Size and professional qualifications.

2. Experience of staff.

3. Location of firm with respect to proposed project.

4. Work load of firm.

5. Firm's performance record.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

Temporary Administrative
Regulations

#### Article 29.—SOLID WASTE MANAGEMENT

28-29-84. Permit renewal; solid waste permit fees. (a) General provisions. Each permit issued by the department for any solid waste disposal facility or area, processing facility, incinerator, transfer station, composting plant or area and reclamation facility may be renewed on or before the anniversary date of the permit each year in the following manner.

(1) Each solid waste facility operating in Kansas pursuant to a valid existing permit shall submit to the department, on or before the anniversary date of the permit, a report of the permitted activities on forms provided by the department.

(2) The annual permit renewal fee shall accompany the report. Action to approve the renewal of the permit shall not begin until such time as a properly completed report and the appropriate annual permit renewal fee are received by the department.

(b) Failure to submit. Failure to submit a complete annual report and the annual permit renewal fee on or before the anniversary date of the permit each year may subject the permit holder to denial, revocation, or suspension of the permit.

(c) Fee schedule. The fee for a permit to operate a solid waste disposal area or facility will be as follows.

(1) The fee for an application for a proposed facility for which no permit has previously been issued by the department, or for reapplication due to loss of the permit resulting from departmental action, such as revocation, denial or suspension shall be:

(continued)

Construction demolition debris disposal	
area	\$1,000.00
Incinerator	\$5,000.00
Industrial solid waste disposal area	\$3,000.00
Municipal solid waste disposal area	\$5,000.00
Processing facility	
Reclamation facility	\$2,000.00
Solid waste compost facility	\$ 250.00
Transfer station	\$1,000.00
1101DICI Diamori internationali	

(2) Each facility or disposal area operating pursuant to a valid, current permit issued by department shall be required to pay an annual permit renewal fee. The annual permit renewal fees shall be:

Construction demolition debris disposal	
area	.\$ 500.00
Incinerator	. \$1,000.00
Industrial solid waste disposal area	. \$1,000.00
Municipal solid waste disposal area	. \$2,000.00
Processing facility	. \$1,000.00
Reclamation facility	. \$1,000.00
Solid waste compost facility	.\$ 250.00
Transfer station	.\$ 500.00

(d) Multiple activities. Any person conducting more than one of the activities listed in K.A.R. 28-29-84(c)(1) at one location shall pay a single fee. This fee shall be in the amount specified for the activity having the highest fee of those conducted. (Authorized by K.S.A. 65-3406, as amended by L. 1992, Ch. 316, sec. 4; implementing K.S.A. 1991 Supp. 65-3407, as amended by L. 1992, Ch. 316, sec. 5; effective, T-28-3-15-93, March 15, 1993.)

28-29-85. State solid waste tonnage fees. (a) General provisions. The operator of each solid waste disposal area in Kansas shall pay to the department a tonnage fee for each ton or equivalent volume of solid waste received and disposal of at the facility during the preceding reporting period. The fee shall be paid each reporting period until the facility no longer receives waste and begins departmentally approved closure activities. Municipal solid waste disposal areas receiving 50,000 tons or more of solid waste annually shall file the reports required by paragraph (b) and pay their tonnage fee monthly, on or before the 15th of the following month. Municipal solid waste disposal areas receiving less than 50,000 tons of solid waste annually, and all other solid waste disposal areas shall file reports and pay their tonnage fee quarterly, on or before the fifteenth day of April, July, October and January.

(b) Certification and late fees. The operator of each solid waste disposal area shall certify, on a form provided by the department, the amount, source and type of solid waste received, processed, recycled, and disposed of during the preceding reporting period. Any operator failing to remit the appropriate tonnage fee and submit the report within 15 days after each reporting period shall pay a late processing fee of one and one-half percent per month on the unpaid balance from the date the fee was due until paid.

(c) Determination of waste tonnages.

(1) Operator estimates. The operator of each municipal solid waste disposal area that receives 50,000 tons or more of solid waste annually shall use actual weight records. The operator of each municipal solid waste disposal area that receives less than 50,000 tons of solid waste annually shall, subject to department approval, use one of the following methods for determining the number of tons of waste disposed of at the solid waste disposal area.

(A) The operator may use actual weight records.

(B) The operator may use actual volume records based upon direct aerial and field survey techniques, using the conversion factor of 1,000 pounds per cubic yard less a department approved deduction for cover

(C) Actual volume records based upon daily logs which record the source, type and measurement or estimate of each load using the conversion factors as

specified in (d).

(D) The operator of a landfill serving one county or an identifiable population of less than 20,000 may use a per capita waste generation rate charge equivalent of .8 ton per person per year. This generation rate may only be used during calendar year 1993. This method may be used after December 31, 1993, only with specific departmental approval.

(2) Other disposal site estimates. All other solid waste disposal sites shall, subject to departmental approval, use the method provided in paragraph (c)(1)(A), (c)(1)(B) or (c)(1)(C) of this regulation.

(3) Departmental estimates. The department may estimate the number of tons received at a solid waste disposal area. The estimate may be based upon the number of tons received and reported for the previous reporting period, or any other recognized method.

(d) Payment calculation. The solid waste tonnage fee of \$1.50 per ton shall be calculated on department forms. If volume records are used, the following volume to weight factors shall be used to calculate tonnage unless the operator demonstrates to the department that a different conversion factor is appropriate.

Municipal solid waste (as delivered)

Residential/commercial 325 pounds/cubic yard loose 650 pounds/cubic yard compacted Industrial 330 pounds/cubic yard general 8.3 pounds/gallon liquids/sludges Construction demolition 1,250 pounds/cubic yard

(e) Exemptions. The state solid waste tonnage fee shall not apply to non-hazardous waste that is received at a solid waste disposal area, and recycled, reclaimed or reused. Such items include scrap and composted wastes. (Authorized by K.S.A. 65-3415b; implementing L. 1992, Ch. 316, new sec. 9; effective, T-28-3-15-93, March 15, 1993.)

### Article 38.—LICENSURE OF ADULT CARE HOME ADMINISTRATORS

**28-38-18.** Examination required. (a) Each candidate for licensure as an adult care home administrator shall successfully pass national examination and a state rules and regulations examination for adult care home administration approved by the board.

(b) The minimum passing scaled score for the national examination is 113. The minimum passing raw

score for the state examination is 75 percent.

(c) Each candidate for licensure who has been disqualified for failure of the examination shall be given written notification by the board of such disqualification and the reasons therefor.

- (d) Each candidate for licensure who has been disqualified for having failed the examination may submit a new application for examination if the requirements for examination in force at the time of such reapplication are met.
- (e) The licensure examinations shall be held at least two times each year at such times and places as the board shall designate. (Authorized by K.S.A. 1991 Supp. 65-3503; implementing K.S.A. 1991 Supp. 65-3504; effective May 1, 1981; amended July 1, 1981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended Sept. 24, 1990; amended May 10, 1993.)
- **28-38-19.** Qualification for examination. (a) Each candidate for initial licensure as an adult care home administrator shall meet the following requirements.

(1) Each candidate shall hold a baccalaureate or higher degree from an accredited college or university.

- (2) Each candidate shall have successfully completed a long-term care administration practicum approved by an accredited college or university of not less than 480 clock hours.
- (3) Each candidate shall file with the board certification of sound physical and mental health and evidence of the absence of contagious and infectious diseases. This certification shall be by a physician with a license to practice in the United States or the District of Columbia. A candidate may be required by the board to be present at a designated time and place for inquiry as to suitability as provided for in this regulation.

(b) "Accredited college or university" means a college or university that is accredited by an accrediting body recognized by the council on postsecondary accreditation or the secretary of the U.S. department of

(c) "Long-term care administration practicum" means an academic training program of not less than 480 clock hours approved by an accredited college or university that:

(1) Incorporates the "core of knowledge";

(2) provides the training in either or combination of a Kansas-licensed adult care home or long-term care unit of a Kansas-licensed hospital;

(3) has the college or university designate a preceptor in the adult care home and in the hospital long-

term care unit; and

(4) has the college or university responsible for coordinating with the preceptor the type of training and supervision to be provided during the practicum.

(d) "Preceptor" means a licensed adult care home administrator with a minimum of three years' full-time licensed experience during the last five years. Each preceptor is responsible for the training, knowledge, and professional activities within the facility and for the development and refinement of the trainee as a prospective adult care home administrator. No preceptor shall supervise more than two trainees at a time.

(e) Each preceptor shall be a full-time administrator of record in the facility in which the training is to be

provided.

(f) No administrator whose license is under any disciplinary administrative proceedings or under any disciplinary action pursuant to K.S.A. 65-3508 shall be

preceptor.

- (g) Each college or university shall submit the practicum curriculum and preceptor qualifications for the board's approval. Any change in the practicum curriculum or preceptor shall require approval by the board. Each trainee shall have received at least 60 college semester credit hours and be 18 years of age prior to participating in a practicum. (Authorized by K.S.A. 1991 Supp. 65-3504; effective May 1, 1981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended May 1, 1983; amended May 1, 1984; amended May 1, 1987; amended Sept. 24, 1990; amended May 10, 1993.)
- **28-38-20.** Application for examination. (a) Each candidate for examination for licensure as an adult care home administrator shall make application in writing on forms provided by the board, furnish evidence satisfactory to the board of having met the qualifying requirements of K.A.R. 28-38-19 no later than 30 days following the date of the examination, and submit a license application fee of \$100.00.

(b) Each candidate shall provide the board with academic transcripts and proof of receipt of undergraduate or graduate degrees. This proof shall be provided directly to the board by the accredited college or

university.

(c) Each applicant who is a graduate of a college or university from outside the United States shall provide the board an officially translated English copy of his or her transcript and, where necessary, supporting documents. The transcript shall be translated by a source and in a manner that is acceptable to the board.

(d) Applications shall be filed with the board not later than 60 days prior to the date of the examination. Each applicant who has to reschedule to take the national examination shall do so on a board-prescribed form and, if the examination has not been passed after

(continued)

two years from original application, shall resubmit an

application in accordance with (a) above.

(e) Each applicant shall pay the required examination fee for the national examination directly to the testing agency. (Authorized by K.S.A. 1991 Supp. 65-3503; implementing K.S.A. 1991 Supp. 65-3504; effective May 1, 1981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended May 1, 1983; amended May 1, 1984; amended Sept. 24, 1990; amended May 10, 1993.)

28-38-21. Temporary license. (a) Each facility requesting a temporary licensee shall provide the board with written documentation that licensed, qualified applicants are unavailable, thus creating an emergency. Each candidate for consideration by the board for a temporary license shall:

(1) Submit an application on board-prescribed forms

accompanied by a fee of \$100.00;

(2) be at least 18 years of age;

(3) be endorsed in writing to be the most qualified applicant by the board of directors, corporation, or ownership of the facility where the person is to be

employed;

(4) have accumulated not less than 60 college credit hours or have an undergraduate or graduate degree from an accredited college or university, or has been licensed in Kansas as an adult care home administrator and is otherwise eligible for reinstatement, or holds a license as an adult care home administrator in another state and is otherwise eligible for reciprocity; and

(5) have passed an examination on state rules and regulations with a score of at least 75 percent correct

answers.

(b) No person whose license has been revoked or

suspended shall be issued a temporary license.

(c) No person who has failed the examinations specified in K.A.R. 28-38-18 shall be issued a temporary license. (Authorized by and implementing K.S.A. 65-3502; effective May 1, 1981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended May 1, 1983; amended May 1, 1984; amended May 1, 1987; amended Sept. 24, 1990; amended May 10, 1993.)

28-38-22. Licensure by reciprocity. Each applicant shall submit an application on board-prescribed forms accompanied by a reciprocity application fee of \$120.00 and a license application fee of \$100. (Authorized by K.S.A. 1991 Supp. 65-3503; implementing K.S.A. 65-3505; effective May 1, 1981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended May 1, 1984; amended Sept. 24, 1990; amended May 10, 1993.)

28-38-23. Renewal of license. (a) Each application for renewal of license shall be filed on or before June 30 of the calendar year in which the license expires. All licenses shall be renewable on a biennial basis, with the day of expiration to be June 30 of the applicable year.

(b) Each applicant shall submit an application on board-prescribed forms accompanied by the \$100.00 renewal fee. An additional \$50.00 shall be assessed for

each application which is received postmarked after June 30th of the year in which the license expires.

(c) Each application for renewal shall be accompanied by a transcript verifying that the applicant has completed not less than 60 clock hours of board-approved continuing education during the 24-month licensure period, July 1 to June 30, immediately preceding renewal of license. These 60 clock hours of continuing education shall be earned through attendance at board-approved educational offerings pertaining to the "core of knowledge" for the field of adult care home administration and shall be accumulated within subject areas as follows:

(1) Administration—20 clock hours, including:

(A) General administration;

(B) Applicable standards of environmental health and safety:

(C) Local health and safety regulations;

(D) Departmental organization and management; and

(E) Community interrelationships.

(2) Resident care—20 clock hours, including:

(A) Psychology of resident care;

(B) Principles of medical care;(C) Personal and social care; and

(D) Therapeutic and supportive care.

(3) Electives—20 clock hours which shall be in the "core of knowledge" or in health-related fields.

(d) Facility inservice education shall not be considered as a continuing education activity for the purpose of licensure renewal.

(e) Fifteen clock hours of educational credit shall be awarded for each college credit semester hour earned within the renewal period. Ten clock hours of education credit shall be awarded for each board-approved

continuing education unit (CEU) obtained.

(f) If an administrator chooses to attend an educational offering not submitted to the board for prior approval and accreditation for continuing education, educational credit may be granted subject to the following consideration: Within the 24-month licensure period, July 1 to June 30, the candidate shall submit an application for subsequent approval, verification of attendance, and a copy of the educational program objectives and content for approval by the board.

(g) Each administrator who attends an educational opportunity and who also serves as a presenter shall receive the amount of educational credit awarded for attendance in addition to one clock hour per hour of presentation time. Presenters shall not receive additional credit for repetition of such presentations.

(h) Each preceptor shall be awarded 7.5 clock hours

oer trainee.

(i) Each applicant for reinstatement in accordance with K.S.A. 65-3505(d) shall submit an application on board-prescribed forms accompanied by the \$100.00 renewal fee and the \$120.00 reinstatement fee. (Authorized by K.S.A. 1991 Supp. 65-3503; implementing K.S.A. 65-3505; effective May 1, 4981; amended, E-82-12, June 17, 1981; amended May 1, 1982; amended May 1, 1984; amended Sept. 24, 1990; amended May 10, 1993.)

28-38-29. Definitions. Whenever used in these rules and regulations, the following words and phrases should have the meaning respectively ascribed to

"Core of knowledge" means educational training contents for the field of adult care home administration. - (4) Parts and accessories necessary for safe operation: 49 CFR Part 393, except sections 49 CFR 393.81, 393.87 and 393.95(a).

(5) Notification and reporting of accidents: 49 CFR

Part 394.

(6) Hours of service of drivers: 49 CFR Part 395, except section 395.8(l)(2).

(7) Inspection, repair and maintenance: 49 CFR Part

396.

(8) Transportation of hazardous materials; driving and parking rules: 49 CFR Part 397.

(9) Transportation of migrant workers: 49 CFR Part

- (10) Employee safety and health standards: 49 CFR
- (11) Minimum levels of financial responsibility for Motor Carriers: 49 CFR Part 387.

(12) Procedures for transportation workplace drug

testing programs: 49 CFR Part 40.

(b) Whenever the incorporated federal regulations refer to portions of the federal regulations that are not included under subsection (a), those references shall not be applicable to this regulation.

(c) The following terms as used in this regulation and the identified sections of the regulations adopted

by reference are defined as follows:

(1) The term "special agent of FHWA or special agent of the federal highway administration and authorized representatives of the federal highway administration," as used in 49 CFR 394.15(a), 395.13(a), 398.8(a) and appendix B, to Subchapter B means authorized representatives of the state corporation commission of Kansas, and members of the Kansas highway patrol who have been certified in the inspection of motor carriers based on the motor carrier safety assistance program standards.

(2) The term "authorized personnel," as used in 49 CFR 396.9(c), means members of the Kansas highway patrol or authorized representatives of the state corporation commission of Kansas who have been certified in the inspection of motor carriers based on the motor carrier safety assistance program standards.

(3) The term "associate regional administrator, motor carrier safety, federal highway administration," as used in 49 CFR 394.9(d), means the superintendent of the Kansas highway patrol.

(4) The term "director, regional motor carrier safety office of the federal highway administration," as used in 49 CFR 390.40, 391.51(g), 394.7(a), 394.9(a), 394.11(a) 395.8(k)(2) and 397.19(b), means the superintendent of the Kansas highway patrol and the administrator of the transportation division of the state corporation commission of Kansas.

(5) The term "regional federal highway administrator," as used in 49 CFR 391.51(b)(2), means the administrator of the transportation division of the state

corporation commission of Kansas.

(6) The term "department of transportation act," as used in 49 CFR 394.3(a), means the department of transportation act and the motor carrier act of the state of Kansas.

- (d) Copies of the motor carrier safety regulations promulgated by the U.S. department of transportation may be obtained from the superintendent of documents, United States government printing office, Washington, D.C. 20402. (Authorized by and implementing K.S.A. 66-1,112, 66-1,112a, 66-1,112g and K.S.A. 1991 Supp. 66-1,129; effective Jan. 1, 1971; modified, L. 1981, ch. 424, May 1, 1981; amended May 1, 1984; amended May 1, 1985; amended May 1, 1987; amended April 30, 1990; amended Sept. 16, 1991; amended July 6, 1992; amended May 10, 1993.)
- **82-4-6d.** Waiver of physical requirements. (a) Any person failing to meet the requirements of 49 C.F.R. 391.41 as in effect on March 1, 1992, may be permitted to drive a vehicle, other than a vehicle transporting passengers, if the administrator finds that the granting of a waiver is consistent with highway safety and the public interest.

(b) The application for a waiver shall:

(1) be submitted jointly by the person seeking the waiver and by the carrier wishing to employ the person as a driver, with both parties agreeing to fulfill all conditions of the waiver;

(2) be accompanied by:

(A) reports of medical examinations, administered by a licensed physician, which are satisfactory to the administrator; and

(B) recommendations from at least two licensed physicians, at least one of whom shall be selected and compensated by the carrier. The reports and recommendations shall indicate the opinions of the licensed physicians regarding the ability of the driver to safely operate a commercial vehicle of the type to be driven;

- (3) contain a description which is satisfactory to the administrator of the type, size and special equipment of the vehicle or vehicles to be driven, the general area and type of roads to be traversed, the distances and time period contemplated, the nature of the commodities to be transported and the method of loading and securing them, and the experience of the applicant in driving vehicles of the type to be driven.
- (A) If the applicant motor carrier is a corporation, the application shall be signed by a corporation officer and the applicant driver.
- (B) If the applicant motor carrier is a partnership, the application shall be signed by at least one of the members of the partnership and the applicant driver.

(C) If the applicant motor carrier is a sole proprietorship, the application shall be signed by the proprietor and the applicant driver; and

(4) specify that both the person and the carrier shall file periodic reports as required with the administrator. These reports shall contain complete and truthful information regarding the extent of the person's driving activity, accidents in which he or she may have been involved, and all arrests, suspensions, or convictions in which the person is involved.

(c) The waiver shall not exceed two years and shall be renewable upon submission and approval of a new

application.

(d) While on duty, the letter granting the waiver or a legible photographically reproduced copy of the

waiver shall be in each driver's possession;

- (e) The waiver may be suspended by the administrator for good cause and may be canceled after the applicant has been given a reasonable opportunity to show cause, if any, why such cancellation should not be made.
- (f) The letter granting the waiver under this section or a legible photographically reproduced copy shall be retained in the files of the motor carrier at its principal place of business during the period the driver is in the carrier's employment. A copy of the waiver shall be retained by the motor carrier for a period of 12 months after the termination of the driver's employment.

(g) All convictions for violations of laws and ordinances and all revocations or suspension of driving privileges shall be reported to the administrator immediately on occurrence. (Authorized by and implementing K.S.A. 66-1,112; effective May 1, 1981; amended Sept. 16, 1991; amended May 10, 1993.)

**82-4-8a.** Accessories and equipment. Every motor vehicle which meets the definition of commerical motor vehicle shall be equipped with a fire extinguisher.

- (1) Every motor vehicle shall be equipped with a fire extinguisher that is properly filled and is readily accessible.
- (2) The fire extinguisher shall be securely mounted on the vehicle.
- (3) The fire extinguisher shall be designed, constructed and maintained to permit visual determination of whether it is fully charged.

(4) The extinguisher shall have an extinguishing agent that does not need protection from freezing.

- (5) The classification and rating of fire extinguishers in this subsection shall conform to the laboratory standards recognized by the national fire protection association.
- (6) The fire extinguisher shall not use a vaporizing liquid that gives off vapors more toxic than those produced by these substances shown as having a toxicity rating of five or six in the classification of comparative life hazard of gases and vapors.
- (7) Motor vehicles that are not used to transport hazardous materials shall be equipped with either a fire extinguisher having a rating of five B:C or two fire extinguishers, each of which has a rating of four B:C.

(continued)

(8) Motor vehicles that are used to transport hazardous materials shall be equipped with a fire extinguisher having a rating of not less than 10 B:C.

(9) Cargo tank vehicles requiring flammable liquid placards shall be provided with at least one approved hand fire extinguisher, whether a dry chemical or carbon dioxide type, having a net content of not less than 20 B:C. Two approved hand fire extinguishers, either a dry chemical or carbon dioxide type, having a net content of not less than 10 B:C for each extinguisher, may be used in lieu of one 20 B:C extinguisher. Fire extinguishers shall be kept in good operating condition, shall be located in an accessible place on each motor vehicle or tank vehicle and shall be housed in a weather-tight enclosure.

(10) The requirements shall not apply to any bus having a seating capacity of eight or less persons or

to a driveaway or towaway operation.

(11) Each fire extinguisher shall be labeled or marked with its rating. (Authorized by and implementing 1991 Supp. K.S.A. 66-1,129; effective May 1, 1981; amended May 1, 1984; amended April 30, 1990; amended May 10, 1993.)

82-4-20. Transportation of hazardous materials by motor vehicles. (a) The following parts of the federal hazardous materials rules and regulations promulgated by the U.S. department of transportation are incorporated by reference as the rules and regulations of the state corporation commission of the state of Kansas: Title 49 CFR, Parts 107,103(b) and 107.105, 107.502, 171, 172, 173, 177, 178, and 180; except for the referenced materials not listed below under section 49 CFR 171.7(a)(3), as in effect on December 31, 1991: ASTM A 242-81 Standard Specification for High-Strength Low-Alloy Structural Steel; ASTM A 370-77 Standard Methods and Definition for Mechanical Testing of Steel Products; ASTM A 441-81 Standard Specification for High-Strength Low-Alloy Structural Manganese Vanadium Steel; ASTM A 514-81 Standard Specification for High-Yield-Strength, Quenched and Tempered Alloy Steel Plate, Suitable for Welding; ASTM A 516-79b Standard Specification for Pressure Vessel Plates, Carbon Steel, for Moderate and Lower-Temperature Service; ASTM A 537-80 Standard Specification for Pressure Vessel Plates, Heat-Treated, Carbon Manganese-Silicon Steel; ASTM A 588-81 Standard Sepcification for High-Strength Low-Alloy Structural Steel with 50 Ksi Minimum Yield Point to 4 in. Thick; ASTM A 606-75 Standard Specification for Steel Sheet and Strip Hot-Rolled and Cold-rolled, High-Strength, Low Alloy, with Improved Atmospherica Corrosion Resistance, 1975 (Reapproved 1981); ASTM A 633-79a Standard Specification for Normalized High-Strength Low-Alloy Structural Steel, 1979 Edition; ASTM A 715-81 Standard Specification for Steel Sheet and Strip, Hot-Rolled, High-Strength, Low-Alloy, with improved Formability, 1981. Cargo tanks in existence on July 1, 1991 and utilized by an intrastate carrier transporting petroleum crude oil, flammable liquid, U.N. 1267 between an oil field tank battery and an oil well are exempt from the packing requirements of 49 CFR 173.119. Any cargo tank placed into service after July

1, 1991 and used for the transportation of petroleum crude oil, flammable liquid, U.N. 1267 shall comply with the requirements of 49 CFR 173.119.

(b) Whenever the incorporated federal regulations refer to portions of the federal regulations that are not included under subsection (a), those references shall not be applicable to this regulation. (Authorized by K.S.A. 66-1,112, 66-1,112a, 66-1,112g and K.S.A. 1991 Supp. 66-1,129; implementing K.S.A. 66-1,112 and K.S.A. 1991 Supp. 66-1,129; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended April 30, 1990; amended Sept. 16, 1991; amended July 6, 1992; amended May 10, 1993.)

**82-4-27a.** Applications for transfer of certificates of convenience and necessity and permits. (a) A certificate of public convenience and necessity issued to common motor carriers under the provisions of K.S.A. 66-1,114, and permits issued to contract carriers under K.S.A. 66-1,112a, shall not be assigned or transferred without the consent of the commission. The commission may reasonably alter, restrict or modify the terms and provisions of any certificate or impose restrictions on any transfers when the public interest may be best served.

- (b) Applications for approval by the commission of the transfer of the common carrier certificate shall be completed by both transferor and transferee and filed on forms prescribed by the commission. The applicant shall file an original and three copies of the application with the commission. The application shall contain the following information.
- (1) A certified or sworn contract entered into by the parties shall be filed as an exhibit with the application, shall set out in full the agreement between the parties and shall detail all transferred items including equipment, property, good will, assumption of debt, covenants not to compete, and any other items relevant to the financial stability of the parties; and

(2) A statement shall be filed indicating the complete territorial description of the authority sought to be transferred, in the form required by K.A.R. 82-4-27(e).

- (c) The transferor or present owner of the certificate shall file a statement containing the following information:
- (1) Name and address of the present owner of the certificate;
  - (2) the date the certificate was obtained;
- (3) a signed affidavit setting out the territory where service has been performed during the past year and the number of units operated;

(4) the reason for the transfer;

- (5) a signed affidavit stating whether the transferor is currently under citation or suspension by the commission;
- (6) a signed affidavit stating whether all ad valorem taxes have been paid to the state of Kansas, or a statement which clearly indicates which party shall be responsible for filing any delinquent rendition statement and who shall be responsible for paying any outstanding ad valorem tax obligation; and

- (7) a sworn statement from the transferor that the vehicle maintenance records, driver qualification files, driver logs and bills of lading of the transferor for the three years prior to the date of the transfer will be in the transferee's possession upon conclusion of the transfer.
- (d) The transferee of the certificate shall file a statement containing the following information:

(1) Name and address of the transferee.

(A) If the transferee is a corporation, the application shall designate the state in which the charter was issued and the name and address of all officers.

(B) If the transferee is an individual, partnership or association, the application shall indicate the names and addresses of all parties owning an interest in the transferee and the percentage each owns;

(2) a financial statement showing in detail the financial ability and responsibility of the transferee;

- (3) a sworn statement by the transferee specifying the amount the transferee borrowed or otherwise obtained to make the purchase of the items detailed in subsection (b) and specifying all details regarding the transactions;
- (4) a sworn statement from the transferee that the vehicle maintenance records, driver qualification files, driver logs and bills of lading of the transferor will be in the transferee's possession for a period of three years from the date of the transfer. The transferee shall accept all responsibility for the books and records, and have them available at any time for inspection by the state corporation commission or its employees; and
- (5) in the event the transferee of the certificate presently owns a certificate covering all or a part of the route authorized in the transferred certificate, a request to consolidate the transfer so as to eliminate the duplication of operating authority, as required in K.A.R. 82-4-27e. The request shall point out in detail which part of the commodity and geographic description of the duplicated authority is to be eliminated. (Authorized by K.S.A. 1991 Supp. 66-1,117, K.S.A. 66-1,112; implementing K.S.A. 66-1,112a, K.S.A. 1991 Supp. 66-1,117 and K.S.A. 1991 Supp. 66-1,118; modified, L. 1981, ch. 424, May 1, 1981; amended May 1, 1983; amended May 1, 1987; amended Sept. 16, 1991; amended May 10, 1993.)
- **82-4-29.** Applications for private carrier permits. All applications for private carrier permits shall be on forms furnished by the commission and shall contain: (a) The name, residence and post-office address of the applicant and the title under which the applicant proposes to operate;

(b) the financial condition of the applicant;

(c) a list of motor vehicles to be used by the applicant by make, year, and engine number;

(d) the commodities which the applicant intends to

transport; and

(e) the nature of the enterprise or enterprises for which commodities are to be transported. (Authorized by K.S.A. 66-1,112g, K.S.A. 1991 Supp. 66-1,117; implementing K.S.A. 66-1,112g, 66-1,115, K.S.A. 1991 Supp. 66-1,117; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993.)

- **82-4-34.** (Authorized by K.S.A. 66-1,112, 66-1,112a, 66-1,112g; implementing K.S.A. 66-1,112, 66-1,112a, 66-1,112g; effective Jan. 1, 1971; amended May 1, 1981; revoked May 10, 1993.)
- **82-4-35a.** Inspections of motor carrier documents. Authority cards, cab cards, driver logs, bills of lading, way bills, freight bills, run tickets or equivalent documents and orders shall be held available upon request for inspection by duly authorized representatives of the commission, the state highway patrol, or other law enforcement officers. (Authorized by K.S.A. 66-1,112a, K.S.A. 66-1,112a, K.S.A. 66-1,112g; implementing K.S.A. 66-1,139; effective May 1, 1987; amended May 10, 1993.)
- **82-4-37.** Identification cards. Holders of certificates, permits or licenses shall carry on every vehicle operated under the certificates, permits or licenses, an identification card issued by the state corporation commission during the current calendar year showing the certificate, permit or license number, a complete description of the vehicle, and the identification tag issued to it. The identification card shall be carried in the driver's compartment of the vehicle. (Authorized by K.S.A. 66-1,112; 66-1,112a, 66-1,112g; implementing K.S.A. 66-1,139; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993.)
- **82-4-38.** (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112a, K.S.A. 66-1,112g, K.S.A. 66-1,112a, K.S.A. 66-1,112g, K.S.A. 66-1333; implementing K.S.A. 66-1,129 as amended by L. 1988, ch. 356 §242, K.S.A. 66-1,139 as amended by L. 1989, ch. 208, §1, K.S.A. 66-1329; effective Jan. 1, 1971; amended May 1, 1981; amended, T-85-48, Dec. 19, 1984; amended May 1, 1985; amended April 30, 1990; revoked May 10, 1993.)
- **82-4-39.** Surrender of identification cards. (a) If operations are abandoned under any certificate, permit or license or upon cancellation or revocation thereof by the commission, all identification cards and authority cards issued under the certificate, permit or license shall be immediately forwarded to the commission.
- (b) If by order of the commission or otherwise, operations are suspended under any certificate, permit or license, the carrier shall immediately remove all identification cards issued under the certificate, permit or license, from all vehicles. The identification cards and KCC identification tags shall be preserved by the carrier who shall, at the request of the commission, immediately forward them to the commission.
- (c) If a motor vehicle is removed from service and withdrawn from registration with the commission, all identification cards and KCC identification tags issued to the motor vehicle shall be immediately forwarded to the commission. (Authorized by and implementing K.S.A. 66-1,112, 66-1,112a, 66-1,112g; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993.)

- **22-1-4.** Variances and exemptions. Upon a written application the state fire marshal may grant an exemption or variance from compliance with any provision of the regulations adopted pursuant to the Kansas fire prevention code when it is clearly demonstrated that: (a)(1) the enforcement of a specific requirement will cause unnecessary hardship; or
- (2) the exemption is necessary for the petitioner to take advantage of new methods or equipment; and,
- (b) the condition, structure, or activity in noncompliance poses no immediate life safety hazard. (Authorized by K.S.A. 1991 Supp. 31-133; implementing K.S.A. 31-136; effective May 10, 1993.)

- **22-1-5.** Denial, refusal, suspension, or revocation. (a) A registration certificate authorized under the Kansas fire prevention code that has been duly issued by the office of the state fire marshal or has been applied for may be denied, suspended, revoked, or renewal refused, if:
- (1) the office of the state fire marshal finds from available evidence that the individual or business has violated any provisions of the Kansas fire prevention code or these regulations; or

(2) certified as an arson investigator, the holder has been convicted of a felony.

- (b) A person or business aggrieved by an order of the office of the state fire marshal may seek an appeal and hearing under the provisions of K.S.A. 31-140, 31-141, and 31-142 by filing a notice of appeal in the office of the state fire marshal within fifteen (15) days from the date of the service of this order. (Authorized by and implementing K.S.A. 1991 Supp. 31-133, K.S.A. 31-133a, as amended by L. 1992, ch. 220, § 1, and K.S.A. 31-157; effective May 10, 1993.)
- **22-1-6.** Commercial fire suppression and detection firms, filing. Any business which currently installs, maintains, modifies, or repairs any fire sprinkler systems, fire detection systems, or fire alarm systems, except those performing these functions solely in one and two family dwellings, shall file a notification of doing business by April 1, 1994 with the state fire marshal. Any new business performing these functions after April 1, 1994 shall file a notification of doing business within 30 days of commencing business with the State Fire Marshal. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)

#### Article 5.—FIRE REPORTING REQUIREMENTS

**22-5-3.** Reporting of fire losses by insurance companies. (a) Definitions.

- (1) Annual report means a report submitted to the state fire marshal by a company setting forth the total number of fire losses and the total amount of losses paid for one calendar year.
- (2) Company means a property or casualty insurance company transacting business in Kansas.
- (3) FDID means a fire department identification number. Each fire department in Kansas shall be assigned an FDID.
- (4) KILR form means the current edition of the Kansas insurance loss report form used by companies that do not use the PILR to report fire losses to the state fire marshal.

(5) Machine readable medium means a form that is readable by electronic data processing machines.

- (6) PILR means the property insurance loss register reporting service of the American insurance association.
- (7) PILR form means the reporting form used by PILR subscribers to report fire losses as approved by the state fire marshal.
- (8) Reportable fire means a fire in Kansas that damages any property, dwelling, building, automobile, cropland, contents, and other such items, and that results in five hundred dollars (\$500) or more in loss.
- (9) Reporting service means a service provided by a third party to a company, such as adjusting services or bureaus that report to the state fire marshal on behalf of a company, including PILR. (Authorized by and implementing K.S.A. 40-2,110; effective, E-82-4, Jan. 21, 1981; effective May 1, 1981; amended May 10, 1993.)

#### Article 6.—FIREWORKS

- **22-6-10.** (Authorized by K.S.A. 1984 Supp. 31-133; effective Jan. 1, 1973; amended May 1, 1986; revoked May 10, 1993.)
- **22-6-17.** (Authorized by and implementing K.S.A. 31-133; effective Aug. 28, 1989; revoked May 10, 1993.)

### Article 7.—FLAMMABLE AND COMBUSTIBLE LIQUIDS

- **22-7-1.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133; effective, E-80-16, Oct. 17, 1979; effective May 1, 1980; amended May 1, 1983; amended May 1, 1986; amended Sept. 17, 1990; revoked May 10, 1993.)
- **22-7-2.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133; effective, E-80-16, Oct. 17, 1979; effective May 1, 1980; amended May 1, 1987; amended Sept. 17, 1990; revoked May 10, 1993.)
- **22-7-3.** (Authorized by and implementing K.S.A. 1980 Supp. 31-133; effective May 1, 1981; revoked May 10, 1993.)
- **22-7-5.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133; effective May 1, 1986; amended Sept. 17, 1990; revoked May 10, 1993.)
- **22-7-6.** Flammable and combustible liquids; applications and checklists. The State fire marshal shall make available on request applications, guidelines, (continued)

checklists, procedures, applicable regulations and the like regarding the safe storage, use and sale of flammable and combustible liquids as well as the installation and maintenance of related tanks, piping, valves and dispensers. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)

- 22-7-7. Approval of plans. (a) Except as otherwise provided in this section, before the construction of modification of any installation for the storage, handling or use of flammable liquids is undertaken, drawings or blueprints made to scale shall be submitted to the state fire marshal with an application, all in duplicate, for approval. Within a reasonable time after receipt of the application with drawings or blueprints, the state fire marshal shall examine the plans and, if found to conform to applicable requirements of the Kansas Fire Prevention Code, shall signify approval of the application either by endorsement thereon or by attachment thereto, retain one copy for the files and forward the second copy to the Kansas Department of Health and Environment for their required approvals and eventual return to the requestor. If the drawings or blueprints do not indicate conformity with the applicable requirements of the Kansas Fire Prevention Code, the state fire marshal shall notify the applicant accordingly. Plans and applications shall be submitted postage paid to the address specified by the state fire
- (b) The plans approval requirements applies to the following:
- (1) Each new installation of tanks containing flammable or combustible liquids in the following amounts:
- (A) Any state, county or local governmental unit installing tanks of 660 gallons or more capacity;
- (B) any Industrial or Business company installing tanks of 660 gallons or more capacity;
- (C) any agricultural farm installation of tanks of 1,100 gallons or more capacity; and
- (D) any tank installed for the retail sale of flammable or combustible product through dispenser devices;
- (2) any modifications to or replacements of tanks or piping at any establishment or facility meeting the requirements of (1); and
- (3) any installation of new dispenser locations at any establishments or facility meeting the requirements of (1). This does not include the routine replacement of dispensers at existing sites.
- (c) This plans approval requirements is in addition to any local jurisdiction requirements necessary to meet local zoning or permit approval and additional local requirements. In the event of a dispute as to whether or not the drawings or blueprints show conformity with the applicable requirements of these regulations, the local decision can be appealed to the state fire marshal in accordance with statutory provisions.
- (d) All submitted drawings shall include the following minimum information:
- (1) The name of the person, firm, or corporation proposing the installation, the location thereof and the adjacent streets or highways;
- (2) for bulk plants, in addition to any applicable features required under (4) and (5) of this section, the

plot of ground to be utilized and its immediate surroundings, including any structures of value located on adjacent properties within 100 feet of the property line, on all sides, the complete layout of buildings, tanks, loading and unloading docks, and the types of construction of each building;

(3) for service stations, in addition to any applicable features required under (4) and (5) of this section, the plot of ground to be utilized and the complete layout of buildings, drives, and dispensing equipment;

(4) for aboveground storage, the location and capacity of each tank, the dimensions of each tank, the class and name of liquid to be stored in each tank, the type of any tank supports, the types and sizes of normal and emergency valves, and the location of pumps and other facilities by which the tanks are filled or drained;

(5) in the case of underground storage, the location and capacity of each tank, the class and name of liquid to be stored in each tank, and the location of fill, gauge

and vent pipes and openings; and

- (6) in the case of installation for storage, handling or use of flammable liquids within the buildings or enclosures at any establishment or occupancy covered in this section, such detail as to show whether applicable requirements are met. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)
- **22-7-8.** Retroactivity. (a) Kansas Fire Prevention Code regulations governing flammable and combustible liquids shall apply uniformly at all new or existing establishments and facilities in Kansas except as modified below. Requirements pertaining to operational practices and use of containers shall apply and be enforced at all new or existing establishments and facilities at or in which flammable or combustible liquids are stored, handled or used as of the effective date of these regulations.

(1) Physical installations shall apply and be enforced at all establishments and facilities erected, constructed, installed or first devoted to flammable or combustible liquid storage, handling or use on or after the effective date of these regulations.

(2) Establishments and facilities in existence prior to the effective date of these regulations shall comply

with the following minimum requirements.

- (A) The location or arrangement of buildings, tanks, platforms, docks, or spacing or clearances between these installations or between these installations and adjoining property lines, shall not be deemed to be distinctly hazardous and may be continued. When reconstruction or modernization of any noncomplying establishment or facility existing prior to the effective date of these regulations is undertaken, the elimination or correction of such nonconformity shall then be made in the course of such work.
- (B) Lack of adequate emergency venting on any aboveground tank, or lack of an operable fire valve at any tank opening below the liquid level on above ground tanks of more than 1,100 gallons or on any site above ground tank used for refueling at a service station, is deemed to be distinctly hazardous and shall

be corrected or eliminated by no later than January 1, 1994 in all tanks except for crude oil tanks in oil fields, or tanks at refineries or marine or pipeline terminals.

(C) Lack of a liquid level gauge or a suitable means to prevent tank overfilling with the availability of appropriate conversion charts to determine the available capacity of a tank is deemed to be distinctly hazardous, and such system or means shall be installed and operable by no later than October 1, 1993.

(D) Lack of diking of existing aboveground tanks to contain a fuel spill of at least 110 percent to the capacity of the largest tank is deemed to be distinctly hazardous, and such diking or containment shall be installed which contains the product at a location away from inhabited buildings or places of high value by no later

than January 1, 1994.

(E) Lack of breakaway devices on all dispenser hoses and the secure anchoring of dispensers is deemed to be distinctly hazardous, and such shall be installed, anchored and operable by no later than October 1, 1993.

(F) Lack of a properly installed fire valve underneath a dispenser in a pressurized piping system is deemed to be distinctly hazardous, and such device shall be

installed immediately.

(G) Lack of a properly operating solenoid valve installed adjacent to any tank installed at an elevation which produces a gravity head on a dispensing device used to refuel vehicles and in the piping serving any such dispenser is deemed to be distinctly hazardous, and such valve shall be installed by no later than July 1, 1994, or at any prior date when such piping or dispenser is modified or replace.

(H) Lack of a fire valve or vacuum-activated antisiphon valve installed underneath any suction type dispenser served by aboveground tanks at an elevation that produces a gravity head on a dispensing device used to refuel vehicles is deemed to be distinctly hazardous, and either a fire valve or anti-siphon vacuum activated valve shall be installed by no later than July 1, 1994, or at any prior date when such piping or

dispenser is modified or replaced.

(I) Lack of substantial collision protection at the end of dispenser islands is determined to be distinctly hazardous, and such protection shall be provided no later than January 1, 1994, or any prior date when dispenser island is modified or upgraded. (Authorized by and implementing K.S.A. 1992 Supp. 31-133; effective May 10, 1993.)

22-7-9. Flammable and combustible liquid transfer responsibility. Each individual conducting the transfer of flammable or combustible liquids from a transport vehicle to a storage tank governed by the Kansas Fire Protection Code shall verify the available capacity of the tank prior to starting any transfer operations, be in attendance during such operations and take the necessary steps to insure that overfilling does not occur. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)

**22-7-10.** Emergency response training. (a) Each employee involved in fuel transfer into motor vehicles at a retail service station, including attendants and cashiers of self-service stations, upon employment and at least annually thereafter shall receive training from a responsible facility representative or industry organization on the proper procedures to be used in case of fire, overfill, or fuel spill situation. Such training shall include information regarding improper transfer of fuels, types of improper and illegal containers, and instruction of the proper use of fire extinguishers. Documentation of such training shall be maintained and shall be available for inspection upon request by a deputy state fire marshal.

(b) Each establishment or facility involved in fuel transfer into motor vehicles at retail service stations shall have emergency instructions covering fire, overfill or fuel spill procedures posted and readily available in the vicinity of all control consoles or attendant locations. Emergency telephone numbers shall be included on the instructions. The owner or designee of each establishment or facility is responsible for developing and posting the instructions. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)

22-7-11. Connection of the aboveground tanks to dispensers used for refueling vehicles. (a) Aboveground tanks of no more than 12,000 gallons total capacity may be connected to a dispenser used for refueling vehicles if, by the determination of the state fire marshal, adequate safeguards, including distances to property of value, proper valving and dispenser protection are provided and a reasonable degree of safety is maintained.

(b) Local jurisdictions may supersede this approval through zoning, ordinance or permitting prohibitions against such installation. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10,

1993.)

- 22-7-12. Aboveground abandonment of underground tanks. (a) Any underground tanks previously containing flammable or combustible liquids which are abandoned above ground shall be marked on two sides, in legible numbers not less than eight inches tall, the month, day and year the tank was first abandoned. The local fire department shall be notified of the location of any site where any group of tanks having a combined capacity of more than 12,000 gallons is abandoned.
  - (b) The tank owner shall be responsible for:

(1) Purging the tank of vapors;

- (2) insuring that explosive concentrations of vapors cannot gather inside the tank; and
- (3) insuring that no opening of the tank is accessbile to children.
- (c) Tanks abandoned for more than twelve months shall then be rendered unusable by the tank owner by disassembly or other appropriate means which shall permit the free circulation of the air throughout the tank.
- (d) No underground tank shall be reinstalled for aboveground use without being certified for such use by meeting the requirements of UL standard 142 or (continued)

equivalent. (Authorized by and implementing K.S.A. 1991 Supp. 31-133; effective May 10, 1993.)

- **22-10-13.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133, 31-133a, as amended by L. 1990, Ch. 135, Sec. 1; effective, T-82-3, Jan. 1981; effective May 1, 1981; amended May 1, 1982; amended May 1, 1983; amended May 1, 1986; amended Oct. 29, 1990; revoked May 10, 1993.)
- **22-10-14.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133, 31-133a, as amended by L. 1990, Ch. 135, Sec. 1; effective, T-82-3, Jan. 21, 1981; effective May 1, 1981; amended May 1, 1982; amended, T-83-31, Oct. 25, 1982; amended May 1, 1983; amended May 1, 1986; amended Jan. 21, 1991; revoked May 10, 1993.)
- **22-10-17.** (Authorized by and implementing K.S.A. 1989 Supp. 31-133, 31-133a, as amended by L. 1990, Ch. 135, Sec. 1; effective May 1, 1987; amended Aug. 28, 1989; amended Sept. 17, 1990; amended Jan. 21, 1991; revoked May 10, 1993.)
- **22-10-18.** Minimum performance standards for holders of class RA registration certificates. (a) Each Class RA registration certificate holder shall insure that the performance of servicing, recharging, installing or inspecting of fixed extinguishing systems in commercial cooking equipment is done in accordance with the Kansas Fire Prevention Code, the appropriate national standards adopted therein and the applicable current design specifications of the manufacturer.

(b) Each Class RA registration certificate holder installing fixed extinguishing systems in commercial cooking equipment shall provide the state fire marshal with written notification within 30 days after installation of each new installation in Kansas. This notification shall contain:

(1) the business name and location of the installation;

(2) reference to the section of the manufacturer's installation manual by which it was installed;

(3) the date of the installation;

(4) the name, address and certificate number of the business making the installation;

(5) the make and model of the system; and

(6) a drawing of the piping layout and nozzle placement as installed.

- (c) The performance of servicing, recharging, installing or inspection of fixed extinguishing system in commercial cooking equipment conducted after June 30, 1993 shall include the completion of a checklist, in addition to any other required tag. The original checklist will be left with a business representative at the time the servicing, recharging, installation or inspection is completed. A copy of the checklist will be maintained by the Class RA registration certificate holder for at least 24-months during which time it is subject to inspection on demand by a deputy state fire marshal during normal business hours. The checklist shall include:
  - (1) the type of system;

(2) the type of service;

(3) the business name and location of the system;

(4) the items checked, repaired or replaced;

(5) the date of service;

- (6) the starting time and ending time of the work;(7) the name of the person completing the work;
- (8) the name, address and certificate number of the Class RA Registration Certificate holder conducting the work:
- (9) a notation of corrective action, modification or any continuing non-complaint items;
- (10) the signature of a representative of the business; and

(11) a statement notifying the business that the checklist will be kept available for inspection by a deputy state fire marshal or local fire inspector.

(d) A new installation of a fixed extinguishing system may be permitted in an existing range hood for vapor removal not strictly in compliance with NFPA pamphlet no. 96 if the state fire marshal determines that no district life safety hazard would result.

(e) The installation of a fixed extinguishing system in self-contained cooking equipment need not comply with NFPA pamphlet no 17, 17A and 96 if designed and installed according to the manufacturer's specification. (Authorized by and implementing K.S.A. 1991 Supp. 31-133 and 31-133a, as amended by L. 1992, ch. 220, subsection 1; effective May 10, 1993.)

**22-10-19.** Minimum performance standards for holders of class RB and RC registration certificates. (a) Each Class RB registration certificate holder shall insure that the performance of servicing, recharging, installing, or inspecting portable fire extinguishers is done in accordance with the Kansas Fire Prevention Code, the appropriate national standards adopted therein and any applicable design specifications of the manufacturer.

(b) Each Class RC registration certificate holder shall insure that the performance of hydrostatic testing of

non-DOT fire extinguisher cylinders is done in accordance with the Kansas Fire Prevention Code, the appropriate national standards adopted therein and any applicable design specifications of the manufacturer.

(c) The performance of servicing, recharging, installing or inspecting of portable fire extinguishers or hydrostatic testing of non-DOT fire extinguisher cylinders conducted after June 30, 1993 shall include, in addition to any other required tags or labels, the completion of a checklist or invoice. The original checklist or invoice will be left with a business representative at the time the servicing, recharging, installation or inspection is completed. A copy of the checklist will be maintained by the Class RB or RC registration certificate holder for at least 24 months during which time it is subject to inspection on demand by a deputy state fire marshal during normal business hours. The checklist or invoice shall include:

(1) the business name and location;

(2) the date of service;

(3) the starting time and ending time of the work;

(4) the name of the person completing the work;

- (5) the name, address and certificate number of the RB or RC registration certificate holder conducting the work;
  - (6) the signature of a representative of the business;
- (7) a statement notifying the business that the checklist or invoice will be kept available for inspection by a deputy state fire marshal or local fire inspector; and

(8) a summary of the number and types of extinguishers serviced and the type of service performed.

- (d) Six-year maintenance labels. After June 30, 1993, each six-year maintenance shall be recorded on a record label consisting of a mylar decal or sticker, with dimensions not exceeding 1.5 inches by 2.5 inches, which shall be affixed on the exterior f the extinguisher shell. Any six-year maintenance tags previously attached to an extinguisher shall be removed prior to affixing a new tag. The label shall contain:
- (1) the year and month that the six-year maintenance was performed;
  - (2) the name of the firm completing the service;
- (3) the initials of the person performing the maintenance.
- (e) After June 30, 1993, whenever a low-pressure hydrostatic test is performed, it shall be recorded on a test label consisting of a mylar decal or sticker, with dimensions not to exceed 1.5 inches by 2.5 inches, which shall be affixed on the exterior of the extinguisher shell. Any test tag previously attached to an extinguisher shall be removed prior to affixing a new tag. The record label shall contain:
  - (1) the year and month that the test was performed;
  - (2) the test pressure;
  - (3) the name of the firm completing the service; and
- (4) the initials of the person performing the maintenance.
- (f) Internal service tags. After June 30, 1992, the following requirements shall be met.
- (1) In addition to any other label required by these regulations, an internal service tag shall be provided

each time an extinguisher is opened for any type of maintenance or for any other purpose. The following types of extinguishers are exempt from this requirement:

(A) carbon dioxide;

(B) halogenated agents;

- (C) dry chemical external cartridge-operated types; and
- (D) extinguishers containing water or water-type solutions.
- (2) An approved standard internal service label shall be at least ½ inch by 3½ inch, on a durable material, either white or yellow in color, with a pressure sensitive adhesive backing conforming to the standards of UL 969, marking and labeling systems.

(3) Internal service labels shall contain:

- (A) The Registration certificate number of the firm conducting the work;
- (B) the month and year the service was performed; and
  - (C) the initials of the person conducting the work.
- (4) A new internal label shall be provided for an extinguisher each time internal service is performed for any purpose.
- (5) Internal service labels shall be affixed in the following manner.
- (A) Any label previously attached shall be removed prior to affixing a new tag.
- (B) The area to which the tag is to be affixed shall be cleaned to remove all residue of any kind, including old adhesive from a previously attached tag.

(C) The tag shall be placed within 1 inch of the top of the siphon tube below the valve assembly.

(D) The tag shall be pressed and adhered solidly around the tube. The writing must remain visible. Under no circumstances shall the required information be written directly on the siphon tube. (Authorized by and implementing K.S.A. 1992 Supp. 31-133 and 31-133a, as amended by L. 1992, ch. 220, subsection 1; effective May 10, 1993.)

# Article 13.—PLACES OF ASSEMBLY

**22-13-35.** (Authorized by and implementing K.S.A. 31-133; effective May 1, 1985; amended Aug. 28, 1989; revoked May 10, 1993.)

# Article 18.—EDUCATIONAL OCCUPANCIES

**22-18-3.** School buildings, construction requirements. (a) From and after July 1, 1993 and except as provided in subsection (b), the construction of school buildings shall comply with the requirements of the 1991 edition of the uniform building code, volume 1, and the 1991 edition of the uniform mechanical code, of the international conference of building officials. All electric wiring shall conform to the requirements of the 1990 edition of the national electric code of the national fire protection association. Minimum plumbing requirements shall meet the 1991 edition of the uniform plumbing code issued by the international association of plumbing and mechanical officials.

(continued)

### SENATE BILL No. 29

An ACT concerning air contaminant emission sources; amending K.S.A. 65-3001, 65-3002, 65-3005, 65-3007, 65-3008, 65-3011, 65-3012, 65-3015, 65-3018 and 65-3409 and repealing the existing sections; also repealing K.S.A. 65-3014.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 65-3001 is hereby amended to read as follows: 65-3001. It is hereby declared to be the public policy of the state to achieve and maintain levels of air quality which will protect human health and safety and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of its inhabitants, promote the economic and social development of the state and facilitate the enjoyment of the natural attractions of the state. It is also declared that local and regional air pollution control programs are to be supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality. To this end it is the purpose of this act to provide for a coordinated statewide program of air pollution prevention, abatement and control, for an appropriate distribution of responsibilities among the state and local units of government, and to facilitate cooperation across jurisdictional lines in dealing with problems of air pollution not confined within single jurisdictions, and to provide a framework within which all values may be balanced in the public interest K.S.A. 65-3002, 65-3003, 65-3005 through 65-3013 and 65-3015 through 65-3020 and sections 6, 7, 8, 10, 11, 15 and 16, and amendments thereto, shall be known and may be cited as the Kansas air quality act.

Sec. 2. K.S.A. 65-3002 is hereby amended to read as follows: 65-3002. As used in this act, unless the context clearly requires otherwise:

(a) "Air contaminant" means dust, fumes, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof, but not including water vapor or steam condensate.

"Air contamination" means the presence in the outdoor at-

mosphere of the or more air contaminants.

(c) "Air pollution" means the presence in the outdoor atmosphere of one or more air contaminants in such quantities and duration as is, or tends significantly to be, injurious to human health or welfare. animal or plant life, or property, or would unreasonably interfere with the enjoyment of life or property.

(d) "Alter" means any physical change in, or change in the method of operation of, an air contaminant emission stationary source which increases the amount of any regulated air pollutant emitted by such source or which results in the emission of any

regulated air pollutant not previously emitted.

(e) "Emission" means a release into the outdoor atmosphere of air contaminants.

- "Facility" means any building, structure, machine, equipment, device or installation (or group of buildings, structures, machines, equipment, devices or installations), whether temporary or permanent, located on one or more contiguous or adjacent properties and under common control of the same person (or persons under common control). Such term shall not include locomotives, diesel trucks or truck tractors unless otherwise required by the federal clean air act, as amended in November 1990.
- "Modify" or "modification," when used in conjunction with an approval or permit action, means an amendment to an existing approval or permit initiated by the permittee. When used to describe a change in any air contaminant emission stationary source, "modify" shall have the same meaning as the term "alter.

(h) "Permittee" means the holder of an approval or the holder of a permit and includes both the owner and the operator of any

approved or permitted air contaminant emission source.

(e) (i) "Person" means any individual, partnership, firm, association, municipality, public or private corporation, subdivision or agency of the state or federal government, trust, estate or any other legal entity.

"Reopen" means to seek an amendment to an existing approval or permit initiated by any person other than the permittee.

(f) (k) "Secretary" means the secretary of health and environment. (continued)

- (l) "Stationary source" means any building, structure, facility or installation which emits or may emit any air contaminant.
- Sec. 3. K.S.A. 65-3005 is hereby amended to read as follows: 65-3005. The secretary shall have the power to:

(a) Adopt, amend and repeal rules and regulations implementing and consistent with this act.

- (b) Hold hearings relating to any aspect of or matter in the administration of this act concerning air quality control, and in connection therewith, compel the attendance of witnesses and the production of evidence.
- (c) Issue such orders, permits and approvals as may be necessary to effectuate the purposes of this act and enforce the same by all appropriate administrative and judicial proceedings.

(d) Require access to records relating to emissions which cause

or contribute to air pollution.

(e) Prepare and develop a comprehensive plan or plans for the prevention, abatement and control of air pollution in this state.

(f) Adopt rules and regulations governing such public notification and comment procedures as authorized by this act.

(g) Encourage voluntary cooperation by persons, or affected

groups to achieve the purposes of this act.

(g) (h) (I) Encourage local units of government to handle air pollution problems within their respective jurisdictions and on a cooperative basis, and to; (2) provide technical and consultative assistance therefor, and (3) enter into agreements with local units of government to administer all or part of the provisions of the Kansas air quality act in the units' respective jurisdictions.

(h) (i) Encourage and conduct studies, investigations and research relating to air contamination and air pollution and their causes,

effects, prevention, abatement and control.

(j) Encourage air contaminant emission sources to voluntarily implement strategies, including the development and use of innovative technologies, market-based principles and other private initiatives to reduce or prevent pollution.

(i) (k) Determine by means of field studies and sampling the degree of air contamination and air pollution in the state and the

several parts thereof.

- (j) Make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor atmosphere of this state and the several parts thereof, and make recommendations to appropriate public and private bodies with respect thereto.
- (k) (l) Establish ambient air quality standards for the state as a whole or for any part thereof.

(1) (m) Collect and disseminate information and conduct educational and training programs relating to air contamination and air pollution.

(m) (n) Advise, consult and cooperate with other agencies of the state, local governments, industries, other states, interstate or interlocal agencies, and the federal government; and with interested

persons or groups.

(n) Consult, upon request, with any person proposing to construct, install, or otherwise acquire an air contaminant source or device or system for the control thereof, concerning the efficacy of such device or system, or the air pollution problem which may be related to the source, device or system. Nothing in any such consultation shall be construed to relieve any person from compliance with this act, rules and regulations in force pursuant thereto, or any other provision of law.

(o) Accept, receive and administer grants or other funds or gifts from public and private agencies entities, including the federal government, for the purpose of carrying out any of the functions of this act. Such funds received by the secretary pursuant to this section shall be deposited in the state treasury to the account of the de-

partment of health and environment.

(p) Enter into contracts and agreements with other state agencies or subdivisions, municipalities, the federal government or its agencies or private entities as is necessary to accomplish the purposes of the Kansas air quality act.

Sec. 4. K.S.A. 65-3007 is hereby amended to read as follows: 65-3007. (a) The secretary, by rule or and regulation, may shall classify air contaminant sources which, in the secretary's judgment, may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which relate to air pol-

lution and may require reporting for any such class or classes. The classifications promulgated by the secretary may shall be made to apply to the state as a whole or to any designated area of the state, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(b) The secretary shall require air contaminant emission sources to monitor emissions, operating parameters, ambient impact of any source emissions or any other parameters deemed necessary by the secretary. The secretary may require air contaminant emission sources to keep records and make reports consistent with the pur-

poses of this act.

(c) Any person operating or responsible for the operation of air contaminant sources of any class for which the rules and regulations of the secretary require reporting shall make reports containing information as may be required by the secretary concerning location, size and height of contaminant outlets, processes employed, fuels used and the nature and time periods or duration of emissions, and such other information as is relevant to air pollution and available or reasonably capable of being assembled.

Sec. 5. K.S.A. 65-3008 is hereby amended to read as follows: 65-3008. (a) The secretary may prohibit, by rule and regulation, the construction, installation, alteration or use of any stationary machine, equipment, device or other article or facility which the secretary finds may cause or contribute to air pollution, unless a permit therefor has been obtained from the secretary. The secretary may require, by rule and regulation, that notice be given the secretary prior to the construction, installation or establishment of particular types of classes of new air contaminant sources specified in the rules and regulations, and within 15 days after receipt of such notice, the secretary may require that an application for a permit be submitted to the secretary prior to the construction, installation or establishment of any such stationary air contaminant source.

(b) The secretary may require that applications for such permits shall be accompanied by plans, specifications and other information as the secretary deems necessary. The secretary shall consider an application for a permit with reasonable

promptness.

(e) The secretary, by rules and regulations, shall provide for the issuance, suspension, revocation and renewal of any permits which the secretary may require pursuant to this see tion. The secretary shall not issue a permit without holding a public hearing upon the written request of any person affected by such issuance. The request for hearing on the issuance of a permit shall set forth the basis for the request and if in the judgment of the secretary there is sufficient reason a hearing shall be held. The secretary shall not deny, suspend, revoke or fail to renew any permit, unless a public hearing is held upon the request of the person or persons affected by the denial, suspension, revocation or failure to renew any permit. Following such hearing, the secretary may affirm, modify or reverse the decision on such permit. All proceedings pursuant to this subsection shall be conducted in accordance with the provisions of the Kansas administrative procedure act.

(d) The secretary may deny a permit for any proposed new stationary source if the owner or operator of such a source fails to demonstrate to the satisfaction of the secretary that any other stationary sources owned or operated by such person (or any entity controlling, controlled by or under common control with such person) in this state are subject to emission limitations and are in compliance; or on a schedule for compliance, with all applicable emission limitations and standards under the fed

eral clean air act and amendments thereto.

(a) No person shall construct, own, operate, install, alter or use any air contaminant emission stationary source which, in accordance with rules and regulations, the secretary finds may cause or contribute to air pollution, unless an appropriate approval or permit has been issued for the source by the secretary under this act. Approvals or permits issued by the secretary may be subject to conditions consistent with the purposes of this act and rules and regulations promulgated under this act.

(b) The secretary shall require that applications for approvals and permits, and renewals thereof, under this act shall be accom-

panied by application fees and such plans, specifications, compliance plans or other information as the secretary deems necessary. Applications shall be submitted on forms provided by the secretary and shall be signed by a responsible official of the source, who shall certify the accuracy of the information submitted.

(c) The issuance or holding of an approval or permit shall not convey any property right or exclusive privilege to the holder thereof.

(d) Without any further action on the part of the secretary, an approval or a permit shall become void and without effect on its expiration date unless a completed application form and any required fee are filed with the secretary on or before the expiration date of the approval or the permit. For purposes of this subsection, the secretary may specify by rule and regulation an amount of time prior to the expiration date of an operating permit by which a complete application form and any required fee must be filed with the secretary in order to be considered timely filed. The secretary may provide for a grace period by rule and regulation.

(e) The secretary may issue by rule and regulation a general approval or permit covering numerous similar sources. Any general approval or permit shall comply with all requirements applicable to approvals or permits under this act. Any source covered by a general approval or permit must apply to the secretary and receive authority

to operate under the general approval or permit.

(e) (f) The secretary may fix, charge and collect fees for approvals and permits, and the renewal thereof, to cover all or any part of the cost of administering the provisions of K.S.A. 65-3001 to 65-3020, inclusive, and amendments thereto Kansas air quality act, other than section 15. The secretary shall adopt rules and regulations fixing such fees. The fees shall be deposited in the state treasury and credited to the state general fund, except that if all or any portion of the regulatory services for which a fee is collected under this section is performed by a county, city-county or multicounty health department at the direction of the secretary of health and environment, then, that portion of such fee which pertains to such services, as determined by the secretary, shall be credited to the local air quality control authority regulation services fund, which is hereby created in the state treasury, and shall be paid from such fund to such local air quality control authority.

New Sec. 6. (a) No permit shall be issued, modified, renewed or reopened without first providing the public an opportunity to comment and request a public hearing on the proposed permit action. The request for a public hearing on the issuance of a permit shall set forth the basis for the request and a public hearing shall be held if, in the judgment of the secretary, there is sufficient reason.

(b) The secretary shall affirm, modify or reverse the decision on such permit after the public comment period or public hearing. Any person, other than the applicant for or holder of the permit, who participated in the public comment process or the public hearing shall have standing to obtain judicial review of the secretary's final action on the permit pursuant to the act for judicial review and civil enforcement of agency actions and shall not be required to have exhausted administrative remedies in order to be entitled to review. The record before the court shall consist of the documentation relied upon by the secretary in making the final permit decision, including the permit application and any addenda or amendments thereto, the permit summary, the draft permit, all written comments properly submitted to the secretary, all testimony presented at any public hearing held on the permit application, the secretary's response to the public comments and testimony and the final permit.

(c) When determined appropriate by the secretary, the procedures set out above may be required prior to the issuance, modi-

fication, renewal or reopening of an approval.

New Sec. 7. (a) The secretary may suspend or revoke an approval or a permit if the permittee has violated any provision of the approval or the permit, any provision of this act or any rule and regulation adopted under this act and applicable to the permitted source.

(b) As applicable to the source for which the approval or permit is sought, the secretary may deny an approval or permit, or a renewal thereof, if the applicant fails to: (1) Submit a complete application;

or (2) submit an application fee.

(c) The secretary may deny a permit for any proposed new stationary source if the owner or operator of such a source fails to demonstrate to the satisfaction of the secretary that any other stationary source owned or operated by such person, or by any entity

controlling, controlled by or under common control with such person, in this state is in compliance, or meeting a schedule for compliance, with all applicable emission limitations and standards under this act and the federal clean air act, and amendments thereto.

(d) The secretary may modify or reopen an approval or a permit for cause. The secretary shall reopen a permit whenever requirements under this act become applicable to a permitted source and three or more years remain on the original term of the permit. Any permit revision incorporating a requirement adopted by the secretary shall be effective as soon as practicable, but not later than 18 months after the promulgation of the requirement by the United States

environmental protection agency.

(e) Within 15 days after the issuance of a notice of intent to take any action authorized by subsection (a), (b), (c) or (d), or within 15 days after the secretary's written decision to affirm, modify or reverse a permit decision pursuant to subsection (b) of section 6, the permittee may file a request for a hearing with the secretary. Each such notice of intent shall specify the provision of this act or rule and regulation allegedly violated, the facts constituting the alleged violation and the secretary's intended action. Each notice of intent or written decision to affirm, modify or reverse a permit decision shall state the permittee's right to request a hearing. Such hearing shall be conducted in accordance with the Kansas administrative procedure act.

(f) The filing of a request by the permittee for an approval or permit modification, revocation or amendment, or the filing by the permittee of a notification of planned changes or anticipated non-compliance, does not stay any approval or permit condition.

(g) No permit shall be issued, modified, amended, revised or renewed unless the United States environmental protection agency has certified that such permit complies with the requirements of the federal clean air act, except that a permit may be issued if the United States environmental protection agency has not notified the secretary of the United States environmental protection agency's decision within 45 days after receipt of the proposed permit by such agency.

(h) The secretary shall issue or deny the permit (including re-

quests for modification or to reopen the permit):

(1) Within three years of the date the United States environmental protection agency approves the state permitting program pursuant to the provisions of the federal clean air act, as amended in November 1990, for permit applications submitted within the first full year after such date;

(2) pursuant to the time schedule provided by title IV (acid rain) of the 1990 amendments to the federal clean air act, for air contam-

inant emission sources subject to that title; or

(3) within 18 months after receiving a complete application, in all other cases.

(i) Failure of the secretary to issue or deny the permit, or grant or deny a request to modify or reopen the permit, within the period stated in subsection (h) shall not result in the default issuance of a permit, permit amendment, permit modification or permit renewal nor shall such failure result in any other entity assuming jurisdiction

to act on the permit or the request.

New Sec. 8. (a) The secretary may fix, charge and collect annual emissions fees in amounts necessary to pay the direct and indirect costs of administering the provisions of the Kansas air quality act. The secretary shall adopt rules and regulations fixing such fees and shall periodically increase or decrease such fees consistent with the need to cover the direct and indirect costs of administering the program. To the extent possible, annual emission fees shall be based upon actual emissions determined pursuant to rules and regulations adopted by the secretary. For purposes of determining emission fees for a facility, emissions of any single regulated pollutant in excess of 4,000 tons per year shall not be included in the calculation when determining the total emissions from the facility.

(b) There is hereby established in the state treasury the air quality fee fund. Revenue from the following sources shall be deposited in the state treasury and analytical to the state treasury the air quality and the state treasury and the state treasu

in the state treasury and credited to the fund:
(1) Fees collected under subsection (a);

(2) any moneys recovered by the state under the provisions of this act, including administrative expenses, civil penalties and moneys paid under any agreement, stipulation or settlement; and

(continued)

(3) interest attributable to investment of moneys in the fund.

(c) Moneys deposited in the fund shall be expended only for the purpose of administering the Kansas air quality act, including funding of a technical and environmental compliance assistance program, and

for no other governmental purposes.

(d) On the 10th day of each month, the director of accounts and reports shall transfer from the state general fund to the air quality fee fund the amount of money certified by the pooled money investment board in accordance with this subsection. Prior to the 10th day of each month, the pooled money investment board shall certify to the director of accounts and reports the amount of money equal to the proportionate amount of all the interest credited to the state general fund for the preceding period of time specified under this subsection, pursuant to K.S.A. 75-4210a and amendments thereto, that is attributable to moneys in the air quality fee fund. Such amount of money shall be determined by the pooled money investment board based on: (1) The average daily balance of moneys in the air quality fee fund during the period of time specified under this subsection as certified to the board by the director of accounts and reports; and (2) the average interest rate on repurchase agreements of less than 30 days' duration entered into by the pooled money investment board for that period of time. On or before the fifth day of the month for the preceding month, the director of accounts and reports shall certify to the pooled money investment board the average daily balance of moneys in the air quality fee fund for the period of time specified under this subsection.

(e) All expenditures from the fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary for

the purposes set forth in this section.

Sec. 9. K.S.A. 65-3011 is hereby amended to read as follows: 65-3011. (a) Whenever the secretary has reason to believe that any person has violated any provision of this act, or of any rule or regulation adopted pursuant thereto, the secretary may eause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this act or rule or regulation alleged to be violated, and the facts constituting such alleged violation, and may include an order that necessary corrective action be taken within a reasonable time. Such notice shall include notice of the right to a hearing. Any such order shall become final unless, within 15 days after service of the notice and order, the person or persons named in the order shall request in writing a hearing by the secretary. If a request is made for a hearing, the secretary shall notify the alleged violator or violators of the date of hearing, which shall not be more than 30 days after such request is made. Hearings under this section shall be conducted in accordance with the provisions of the Kansas administrative procedure act.

(b) If, after hearing, or if a hearing is not requested within 15 days, the secretary finds that a violation or violations have occurred, the secretary shall affirm, modify or reseind the order previously issued, or shall issue an appropriate order or orders for the prevention, abatement or control of the emissions or air pollution involved or for the taking of such other corrective action as may be appropriate. Any such order shall prescribe the date or dates by which the violation or violations shall cease and may prescribe timetables for necessary action in preventing, abating or controlling the emissions of air pollution. If the violator does not comply with the order, the secretary may initiate appropriate action for the recovery of a penalty pursuant to K.S.A. 65 3018 and amendments thereto.

(e) The secretary shall attempt to obtain voluntary compliance with this act through warning, conference or any other

appropriate means.

(a) If the secretary or the director of the division of environment finds that any person has violated any provision of any approval, permit or compliance plan or any provision of this act or any rule and regulation promulgated under this act, the secretary may issue an order finding such person in violation of the act and directing the person to take such action as necessary to correct the violation. Any order issued shall specify the length of time after receipt of the order during which the person must correct the violations.

(b) Any person to whom an order is issued pursuant to subsection
 (a) may request a hearing within 15 days after service of the order.

Hearings before the secretary shall be conducted in accordance with the Kansas administrative procedure act.

New Sec. 10. It shall be unlawful for any person to do any of the following:

(a) Violate any provision of an order issued under this act.

(b) Violate any provision of an approval or permit issued under this act.

(c) Violate any provision of this act or any rule and regulation promulgated under this act, unless the secretary makes a determination relating to the permittee that the specified provisions referred to in such determination are not applicable to the source and the permit includes that determination or a concise summary thereof. Compliance with the provisions of a permit shall be deemed compliance with applicable provisions of this act or any rule and regulation promulgated under this act if the permit includes the applicable requirements of such provisions. Nothing in this subsection (c) or in any permit shall alter or affect: (1) The provisions of section 303 of the federal clean air act (emergency orders), including the authority of the administrator of the United Sates environmental protection agency under that section; (2) the provisions of K.S.A. 65-3012 and amendments thereto; (3) the liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance; (4) the applicable requirements of the acid rain program consistent with section 408a of the federal clean air act; (5) the ability of the United States environmental protection agency to obtain information from a source pursuant to section 114 of the federal clean air act; or (6) the ability of the secretary to obtain information from a source pursuant to this

(d) Construct, modify, alter, use or operate an air contaminant emission stationary source without an approval or permit allowing such construction, modification, alteration, use or operation.

(e) At any time, refuse or hinder entry, inspection, sampling or examination or copying of records related to the purposes of this act by an agent or employee of the secretary after such agent or employee identifies and gives notice of the agent's or employee's purpose.

(f) Fail to pay any fee required by this act or rules and regulations

promulgated under this act.

- (g) Knowingly make any false material statement, representation or certification in any application, record, report, permit or other document filed, maintained or used for purposes of compliance with this act.
- (h) Knowingly destroy, alter or conceal any record required to be maintained under rules and regulations promulgated by the secretary under this act.

New Sec. 11. (a) Violation of any provision of subsections (a) through (f) of section 10 is a class A misdemeanor.

- (b) Knowingly violating any provision of section 10 is a class E felony.
- (c) In the case of a continuing violation, every day such violation continues shall be deemed a separate violation.
- (d) The county or district attorney of every county shall file appropriate actions for enforcement of this section upon request of the secretary or upon the county or district attorney's own motion after consultation with the secretary.
- Sec. 12. K.S.A. 65-3012 is hereby amended to read as follows: 65-3012. (a) Any other provisions of law to the contrary not-withstanding, if the secretary finds that any person is causing or contributing to air pollution and that such pollution creates an emergency which requires immediate action to protect human health or safety; the secretary, with the concurrence of the governor, shall order such person or persons to reduce or discontinue immediately the emission of air contaminants. Upon issuance of any such order the secretary shall fix a place and time, not later than twenty-four (24) hours thereafter, for a hearing to be held. Not more than twenty-four (24) hours after the commencement of such hearing, and without adjournment thereof, the secretary shall affirm, modify or set aside his order.
- (b) Nothing in this section shall be construed to limit any power which the governor or any other officer may have to declare an emergency and act on the basis of such declaration, if such power is conferred by statute or constitutional provision,

or inheres in the office.

(a) Notwithstanding any other provision of this act, the secretary may take such action as may be necessary to protect the health of persons or the environment: (1) Upon receipt of information that the emission of air pollution presents a substantial endangerment to the health of persons or to the environment; or (2) for an imminent or actual violation of this act, any rules and regulations adopted under this act, any orders issued under this act or any permit conditions required by this act.

(b) The action the secretary may take under subsection (a) in-

cludes but is not limited to:

(1) Issuing an order directing the owner or operator, or both, to take such steps as necessary to prevent the act or eliminate the practice. Such order may include, with respect to a facility or site,

temporary cessation of operation.

(2) Commencing an action to enjoin acts or practices specified in subsection (a) or requesting the attorney general or appropriate county or district attorney to commence an action to enjoin those acts or practices. Upon a showing by the secretary that a person has engaged in those acts or practices, a permanent or temporary injunction, restraining order or other order may be granted by any court of competent jurisdiction. An action for injunction under this subsection shall have precedence over other cases in respect to order of trial.

(3) Applying to the district court in the county in which an order of the secretary under subsection (b)(1) will take effect, in whole or in part, for an order of that court directing compliance with the order of the secretary. Failure to obey the court order shall be punishable as contempt of the court issuing the order. The application under this subsection for a court order shall have precedence

over other cases in respect to order of trial.

(c) In any civil action brought pursuant to this section in which a temporary restraining order or preliminary injunction is sought, it shall not be necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order or preliminary injunction not be issued or that the remedy at law is inadequate, and the temporary restraining order or preliminary injunction shall issue without such allegations and without such proof.

(d) Any order of the secretary pursuant to subsection (b)(1) is subject to hearing and review in accordance with the Kansas ad-

ministrative procedure act.

Sec. 13. K.S.A. 65-3015 is hereby amended to read as follows: 65-3015. Any records or other information other than emission data furnished to or obtained by the secretary concerning one or more air contaminant sources, which records or information relate to processes or production unique to the owner or operator or which would tend to affect adversely the competitive position of such owner or operator, shall be only for the confidential use of the department of health and environment and other departments, agencies and officers of the state or federal government or of any local air quality conservation authority, unless such owner or operator shall expressly agree to their publication or availability to the general public. Nothing herein shall be construed to prevent the use of such records or information by any department, commission, agency or officer of the state or federal government or of any local air quality conservation authority in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere nor to prevent making available to the public any records, reports or information concerning emission data.

(a) Except as provided in subsection (b), any records, reports or information obtained pursuant to this act shall be available to

the public.

(b) Upon a showing satisfactory to the secretary by any person that records, reports or information, or a particular part thereof (other than emission data), to which the secretary has access under this act, if made public, would divulge methods or processes entitled to protection as trade secrets of such person, the secretary shall consider such record, report or information, or particular portion thereof, confidential, except that: (1) Such record, report or information may be disclosed to officers, employees or authorized representatives of the United States government concerned with carrying out responsibilities under the federal clean air act and amendments

thereto; and (2) this subsection shall not apply to any provision in any air quality approval or permit issued by the secretary and the public shall have access to such approvals and permits in their entirety.

Sec. 14. K.S.A. 65-3018 is hereby amended to read as follows: 65-3018. (a) Any person who violates any order issued under the provisions of this act, or any rule or regulation in force pursuant thereto, other than K.S.A. 65-3017, shall be subject to a fine of not to exceed one thousand dollars (\$1,000). Each day such order is violated shall constitute a separate offense.

(b) Action pursuant to subsection (a) of this section shall not be a bar to enforcement of this act, rules and regulations in force pursuant thereto, and any orders made pursuant to this act, by injunction or other appropriate remedy, and upon the request of the secretary of health and environment, the attorney general shall have power to institute and maintain in the name of this state any and all such enforcement proceedings.

(a) The secretary or the director of the division of environment, upon a finding that a person has violated any provision of section 10 and amendments thereto, may impose a penalty not to exceed \$10,000 which shall constitute an actual and substantial economic deterrent to the violation for which it is assessed. In the case of a continuing violation, every day such violation continues shall be

deemed a separate violation.

(b) No penalty shall be imposed pursuant to this section except after notice of violation and opportunity for hearing upon the written order of the secretary or the director of the division of environment issued to the person who committed the violation. The order shall state the violation, the penalty to be imposed and the right to request a hearing thereon. The request for hearing shall be in writing, directed to the secretary and filed with the secretary within 15 days after service of the order. Hearings under this section shall be conducted in accordance with the Kansas administrative procedure act.

(c) Nothing in this act shall be construed to abridge, limit or otherwise impair the right of any person to damages or other relief on account of injury to persons or property and to maintain any

action or other appropriate proceeding therefor.

New Sec. 15. (a) There is hereby created the small business stationary source technical and environmental compliance assistance program, to be administered by the secretary. The program shall include each of the following:

(1) Adequate mechanisms for developing, collecting and coordinating information concerning compliance methods and technologies for small business stationary sources and programs to encourage lawful cooperation among such sources and other persons to further

compliance with this act.

(2) Adequate mechanisms for assisting small business stationary sources with pollution prevention and accidental release detection and prevention, including providing information concerning alternative technologies, process changes, products and methods of operation that help reduce air pollution.

(3) A designated office within the Kansas department of health and environment, reporting directly to the secretary, to serve as ombudsman for small business stationary sources in connection with

implementation of this act.

(4) A compliance assistance program for small business stationary sources which assists small business stationary sources in determining applicable requirements and in receiving permits under this act in a timely and efficient manner.

(5) Adequate mechanisms to assure that small business stationary sources receive notice of their rights under this act in such manner and form as to assure reasonably adequate time for such sources to evaluate compliance methods and any relevant or applicable proposed or final rule and regulation or standard adopted under this act.

(6) Adequate mechanisms for informing small business stationary sources of their obligations under this act, including mechanisms for referring such sources to qualified auditors or for providing audits of the operations of such sources to determine compliance with this act.

(7) Procedures for consideration of requests from a small business stationary source for modification of: (A) Any work practice or technological method of compliance; or (B) the schedule of milestones

(continued)

for implementing such work practice or method of compliance preceding any applicable compliance date, based on the technological and financial capability of any such small business stationary source. No such modification may be granted unless it is in compliance with the applicable requirement of this act and rules and regulations promulgated hereunder.

"Small business stationary source" means a stationary air con-

taminant emission source that:

- (1) Is owned or operated by a person that employs 100 or fewer
- (2) is a small business concern as defined in the federal small business act;

(3) is not a major stationary source;

- (4) does not emit 50 tons or more per year of any regulated air contaminant, and
- (5) emits less than 75 tons per year of all regulated air

contaminants.

- (c) Upon petition by a source, the secretary, after notice and opportunity for public comment, may include as a small business stationary source for purposes of this section any stationary source which does not meet the criteria of subsection (b)(3), (4) or (5) but which does not emit more than 100 tons per year of all regulated air contaminants.
- (d) The secretary may exclude from the small business stationary source definition any category or subcategory of sources that the administrator of the United States environmental protection agency determines to have sufficient technical and financial capabilities to meet the requirements of the federal clean air act without the application of this program, as provided by section 507(c)(3)(A) of the 1990 amendments to the federal clean air act.
- (e) The secretary, in consultation with the administrator of the United States environmental protection agency and the administrator of the United States small business administration and after providing notice and the opportunity for public hearing, may exclude from the small business stationary source definition any category or subcategory of sources that the secretary determines to have sufficient technical and financial capabilities to meet the requirements of the act without the application of this section.

(f) There is hereby created a compliance advisory panel composed

of seven individuals. The compliance advisory panel shall:

(1) Render advisory opinions concerning the effectiveness of the small business stationary source technical and environmental compliance assistance program, difficulties encountered and degree and severity of enforcement;

(2) make periodic reports to the administrator of the United States environmental protection agency concerning compliance of the small business stationary source technical and environmental compliance assistance program with the requirements of the federal paperwork reduction act, the regulatory flexibility act and the equal access to justice act;

(3) review information for small business stationary sources to assure such information is understandable by the layperson; and

- (4) have the small business stationary source technical and environmental compliance assistance program serve as the secretariat for the development and dissemination of such reports and advisory
  - The compliance advisory panel shall consist of:
- Two members who are not owners, or representatives of owners, of small business stationary sources, appointed by the governor to represent the general public,
- two members who are owners, or who represent owners, of small business stationary sources, one appointed by the speaker and one appointed by the minority leader of the Kansas house of representatives;
- two members who are owners, or who represent owners, of small business stationary sources, one appointed by the president and one appointed by the minority leader of the Kansas senate; and
- (4) one member appointed by the secretary to represent the department of health and environment.
- (h) Members of the compliance advisory panel shall serve for terms of two years. Any vacancy in the office of an appointed member shall be filled for the unexpired term by appointment by the original appointing authority.

- (i) A chairperson shall be elected annually by the members of the compliance advisory panel. A vice-chairperson shall be designated by the chairperson to serve in the absence of the chairperson.
- (j) The secretary may reduce any fee required by this act for any classification of small business sources to take into account the financial resources of such classification.

New Sec. 16. All rules and regulations promulgated pursuant to K.S.A. 65-3001 et seq., and amendments thereto, in existence on the effective date of this act shall continue to be effective until revised, amended, repealed or nullified pursuant to law.

Sec. 17. K.S.A. 65-3409 is hereby amended to read as follows: 65-3409. (a) It shall be unlawful for any person to:

- (1) Dispose of any solid waste by open dumping, but this provision shall not prohibit: (A) The use of solid wastes in normal farming operations or in the processing or manufacturing of other products in a manner that will not create a public nuisance or adversely affect the public health; or (B) an individual from dumping or depositing solid wastes resulting from such individual's own residential or agricultural activities onto the surface of land owned or leased by such individual when such wastes do not create a public nuisance or adversely affect the public health or the environment.
- (2) Construct, alter or operate a solid waste storage, processing or disposal facility or area of a solid waste management system without a permit or other approval from the secretary or be in violation of the rules and regulations, standards or orders of the secretary.

Violate any condition of any permit issued under K.S.A. 65-3407, and amendments thereto.

(4) Conduct any solid waste burning operations in violation of the provisions of K.S.A. 65-3001 through 65-3020, and amendments thereto the Kansas air quality act.

(5) Store, collect, transport, process, treat or dispose of solid waste contrary to the rules and regulations, standards or orders of the secretary or in such a manner as to create a public nuisance.

(6) Refuse or hinder entry, inspection, sampling and the examination or copying of records related to the purposes of this act by an agent or employee of the secretary after such agent or employee identifies and gives notice of their purpose.

(7) Violate subsection (b) of K.S.A. 65-3424a, and amendments thereto, subsection (c) of K.S.A. 65-3424b or K.S.A. 65-3424i, and

amendments thereto.

(b) No person shall be held responsible for failure to secure a permit under the provisions of this section for the dumping or depositing of any solid waste on land owned or leased by such person without such person's expressed or implied consent, permission or knowledge.

(c) Any person who violates any provision of subsection (a) shall be guilty of a class A misdemeanor and, upon conviction thereof,

shall be punished as provided by law.

Sec. 18. K.S.A. 65-3001, 65-3002, 65-3005, 65-3007, 65-3008, 65-3011, 65-3012, 65-3014, 65-3015, 65-3018 and 65-3409 are hereby repealed.

Sec. 19. This act shall take effect and be in force from and after its publication in the Kansas register.
